The Court-Circuits—June 13.—Before Junes Watshir.

FIGHTH DAY.

The Poone agt Michael Cancemi.

The Court-room was crowded as usual to day, but there was nothing of great importance developed in the testimony.

Bernardo Romano, for the defense, testified that he had known Cancemi for more than four years; had had known Cancemi for more than four years; had been in the milk business since November, 1856; his been in the milk business since November, 1856; his been in the milk business ince November, 1856; his been in the milk business ince November, 1856; his been in the milk business since November, 1856; his been in the milk business he did not make a conference, but no to families; also collected bills, and was in the hot of families; as one of the mass in the habit of exchanging some of them at closes, and some with his Canatrymon for morey; had been in the habit of giving Cancemi pennies for two years and a haf before his arrest; after witness went into the milk business he need to give them to Cancemi's wife, Anunzia Emerch to cancemi

lives with us; he has been there five years; he collects money for us; much of it is in pennies.

Some questions were then put to the witness tending to discredit the testimony of Am Eliza Smith, the
colored girl, but the counsel for the prosecution objected on the ground that no foundation for such an
examination had been laid by the defense. The objection being sustained by the Judge, Mr. Ashmead
decided to call Am Eliza Smith himself. The crossexamination elicited nothing of importance from this

On his cross-examination, witness said—I never was examined in this case before; I was not in the city at the time Cancemi was tried before.

A. A. Phillips, one of the counsel for the prosecution, was called by the defense to corroborate some statements made by him at the torner trial with regard to the key of Shields's door.

John F. Brown, a juny on the first trial of Cancemi, was examined in reference to statements of witnesses on that trial.

SURROGATE'S COURT—June 15.—Before Edward C. West.

The will of Christian W. Lillendahl was admitted to probate to-day.

probate to-day.
The will of Louiss A. Henderson, late of Harrison The will of Louisa A. Hendorson, late of Harrison County, Mira, came on for probate. The parties interested appeared by A. B. Belknep, eq., as their counsel, and proof was taken as to the execution of three several papers—one purporting to be a will, another a codicil thereto, and the remaining one containing her written opinions and directions for the guidance of the reactions of deceased. A question was ruised whether the codicil was duly executed according to the statute, and whether the paper containing the opinions and memorands of the teatrix was a testamentary disposition of the property therein referred to, although executed in the presence of witnesses and with some of the tender of the teath of execution of wills. The Surrogate will render his decision in a few days.

The will of Baroz Spolacco was offered for probate to-day.

HOMICIDE AT NEWARK.

On Monday evening, about 9 o'clock, a young fellow named Stephen Kelly, residing at Newark, was stabbe and almost instantly killed by Stephen W. Howell whom deceased and several of his companions had at tacked and beaten severely without provocation. The circumstances are as follows: A party consisting of de ceased (Stephen Kelly), Henry Fagan, Michael Preston, Joseph Ames and - Smith, had been drinking freely during the afternoon of the firemen's parade, and had committed various disorderly acts.

At about 9 o'clock they came into Ward street, where part of the party lived, and were staggering toward home, when Fagan fell into the gutter and the others upon him. Mr. Howell, who boards at No. 29 Ward street, Mr. Wm. Robotham and others, saw the movements of the drunken men, and commenced Soughing at them, when they replied with opprobrious epithete, and followed Howell and made an attack upon him, knocking him down in the gatter, and wrenching his umbrella from his hand, beat him with it about the head and face, and kicked him, inflicting severe injurice, causing a large flow of blood. Mr. Howell finally succeded in getting away from them, and went into his residence and bolted the door.

The infuriated men made an attack upon the place, and burst the door open, and made a second assault upon him, when he drew a common pocket knife, and, with the large blade, inflicted wounds upon his assailants, stabbing Kelly in the neck in two places, and Preston in the hald.

Kelly went across the street a distance of ninety feet and fell on the walk, from weakness produced by loce of blood. He was found by Charles McAllister, a resident in the vicinity, who had heard the affray and gene for the police, with whom he returned. Tae counded man was placed in a wagon, but before reaching the Police Station he died.

The knife penetrated just above the collar-bone, the blade passing downward in the direction of the heart. Upon learning the result, Mr. Howell went to the Station House and gave himself up, regretting its occurrence, but averring that he acted only in self-defeuse. Mr. Howell is a young man, bearing a good character, and is a member of the Methodist Episcopal Church at Morristown. The case was under investigation yesterday before Coroner Grover. The evidence corroborated the facts above sta'ed, but the inquest had not

TUESDAY, June 15-P. W. The Stock market to-day has been rather heavy, and prices generally have declined from I to 1 & cent. New-York Central opered at a decline of | P cent from previous quotations, and was freely supplied at the decline, c'osing dull. Pacific Mail was pressed for sale on sellers' options, and, with sales of about 300 shares, closed heavy. Erie was also dull, and was freely offered by the bears on sellers' options at large differences from cash prices. The only demand for Hudsen River reemed to be for cash stock from the shorts. The transfer books of this Company opened to-day, and cash stock appeared to be a little scarce in the street; the price did not advance any, however, and at the close of the call the stock was rather heavy. Reading was quite active, but was pressed for sale and closed heavy at a decline from former quotations, sell-ing as low as 40. Business in the Old and Preferred stock of the Michigan Southern was not large, and both were quite heavy at the close of the call. Pans ma was firm but was not active, and closed steady, with sales of only 150 shares. Illinois Central was very heavy, and was freely offered at large differences from cash prices on sellers' options. Galena and Chicago, although somewhat lower than the last sales, was nevertheless well sustained, and at the close of the call was in active demand at a fraction unde opening sales. Toledo was steady, and closed quite firm, with transactions to the amount of about 1,000 shares. Chicago and Rock Island was active, and at the opening of the call was freely hammered by the bears, but was resolutely supported by its friends, and

cent from last sales, and closed heavy. The mirket generally has been an unratisfactory one to commission brokers, who complete of the absence of estable busi-been. Between the Boards there was no business transacted of any amount, and prices were generally about the same as at the close of the First Board. At the S coud Board the market was at il dult, and in some instances prices were lower. The whole market dozed beavy and doll. Closing priess were: for Erie, 16; @ 4; New York Central, 81221: Tolodo, 22121: Rick Island, 7221: Michigan Southern, 21221: Hudson, Ale: Meseuri fe. We know that it is the determination of an operators to advance the wages as seen as the price of coal will warrant it, but they will not work when the last by working is greater than the loss would be by standing idle. By pursuing the latter course they only depreciate the value of their property by exhausting

depreciate the value of their property by exhausting the collieries at a positive loss.

The turnout of the boatmen and the men at the collieries has lest to this region the sale of coal amounting to nearly 100,000 tuns, which would have brought back a return of at least \$125,000 for the support of the population. This sum has gone to the other regions, enriching them and impovenishing us. Such is always the effect of turnouts in times of great depression in business; and the greatest enemies the laborate depression in the support of the property of the support of the support of turnouts in times of great depression in business; and the greatest enemies the laborate depression in the support of the sup ing classes have are those who counsel such move-
